Mr. Lionel Perera
Director of Studies
IDM Computer Studies (Pvt) Ltd
25, Visaka Road
Colombo 4

Dear Mr Perera,

Letter of Congratulations
To All the Staff at IDM Computer Studies,

I would like to offer my sincere congratulations on your international expansion and to let you know how delighted I am that you have chosen London as your first UK operation.

Education and further professional development are topics close to the hearts of both our nations so this seems to me a natural partnership. Working with the City of London College to deliver a range of ICT related training seems to be the logical way forward for IDM as they have achieved such vast coverage in Sri Lanka already. By partnering with overseas institutions and bodies, education providers are able to give their students a bigger choice and more flexibility in their studies but most of all are able to provide their students with internationally recognised qualifications.

I would like to wish all the staff and students of IDM the best of luck with their studies and with the new venture in the UK.

Best Wishes

*yours sincerely,
Dominick Chilcott*
