

A Message from the
Hon. Minister of Education
Socialist Democratic
Republic of Sri Lanka

Today the IDM Affiliated University College opens its branch in London in collaboration with the City of London College - UK and inaugurates the South Asia Regional Office of the City of London College in Colombo Sri Lanka. It is my pleasure in issuing a message at this historic occasion where a Sri Lankan Education institution established a Branch in UK.

IDM Computer Studies (Pvt) Ltd, which was established in 1981, 26 years back, as the first private sector ICT Education and Training Institution is now designated as the IDM Affiliated University College. IDM has contributed a lot in providing graduates to the country from internationally recognized Universities from UK and Australia. Their services in ICT Education and Training are well renowned in the government sector as well as the private sector.

The launching of the UK Branch of the IDM Affiliated University College will enhance its capacity to cater a wider range of communities and will help the country in elevating the educational standards, saving foreign exchange and exposing the Sri Lankan talents into the globe.

I wish IDM Affiliated University College every success in all its events and hope the affiliation with City of London College - UK will bring benefits to the country as a whole.

Susil Premajayantha
